Immediate Results Testing Nutritional Products

- What if you could measure the actual benefit of any nutritional product for yourself – before deciding to buy it?
- Would you like to see which nutritional products are truly suited for you – and which ones aren't?
- What if you could make smart choices by tapping into your own "on-board computer" – instead of wondering and guessing?
- Would you like to learn a simple, yet accurate way to test any nutritional product - for the rest of your life?

You Are Unique

"...due to genetics, blood type, metabolic rate and more. Respecting individual needs can truly optimize a person's health. Learn a valuable skill you can use for the rest of your life and enjoy higher levels of vitality now." – James Stevens, Director, JSI Institute

In One Day Learn!

- Which nutritionals your body craves
- Testing for optimal daily amounts
- Testing for best combinations
- A skill for the rest of your life
- How to help family and loved ones

Audio / Video Previews

Visit www.testyourself.info

- 3-Minute Audio - A Brief Introduction
- 15-Min Video - Nutrition Testing: How It Works
- 30-min Audio - Leaders' Testimonials

* No purchase necessary. What you'll learn works with many methods of muscle testing. Test Kits are available for purchase at the training for as low as \$179.00, and include a 10-day no-hassle refund policy and a lifetime warranty. Payment plans available. There's also an unconditional money back satisfaction guarantee on your tuition!
